Step 1- review a catalog that aligns to the learner's profession

or review a catalog that aligns to specific state requirements

Step 2 – filter to the learner’s profession and review the courses offered

The screenshot shows the CEUFast.com website with the 'Aides & Assistants Catalog' section. The page includes a search bar, filter options for course type and profession, and a list of courses. Two orange arrows highlight specific elements: one points to the 'Enroll' button in the top navigation bar, and the other points to the 'Enroll' button for a specific course. A third orange arrow points to the 'Enroll' button for a specific course.

Step 3 – Once the learner is ready to proceed, select enroll by any course or near the top of the page

Step 4 – Registration is the next step followed by checkout. During Registration ensure the learner's Profession, State, and License Number are correct to ensure accurate reporting

The learner's email address is the username, and the learner will need to verify it via the verification email prior to initial login.

Additional licenses can be added once the account activates from the profile update form.

Step 5 – On initial login the dropdown menu will be used to navigate to the learner’s dashboard. This is the learner’s command center where the catalog, certificates, transcripts, and subscription details can be located. In addition, learners have access to account settings where the profile can be updated to include additional licenses for complete reporting where applicable.

The dashboard also features a Help Center for support needs.

Thank You for your patronage and stay tuned as the new platform will be experiencing continuous improvements!
